EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Hoffmann on 2/16/05.

The application has been amended as follows:

On line 1 of step (ii) of claim 33, after "admixing", --in said reactor-- has been inserted.

On line 1 of step (iii) of claim 33, after "admixing", --in said reactor-- has been inserted.

At the end of claim 33, --to oligomerizing the ethylene to low molecular weight alpha olefins-- has been inserted.

The following is an examiner's statement of reasons for allowance: the closest art of record Langer, Jr. discloses a process of oligomerization of ethylene in the presence of a catalyst. However, Langer, Jr. does not disclose the sequence of adding catalytic components as well as the adding of an alkyl aluminum. One having ordinary skill in the art who studies the specification of this application must recognize that a catalyst containing two different alkyl aluminum compounds yield better results than the catalyst used by Langer, Jr. (see examples 1 and 5).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thuan D. Dang whose telephone number is 571-272-1445. The examiner can normally be reached on Mon-Thu.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Glenn Calderola can be reached on 571-272-1444. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
